

Spanish National Cancer Research Centre (CNIO)
CNIO-CAJA NAVARRA

INTERNATIONAL POSTDOCTORAL PROGRAMME IN MADRID

Call closes
31st December
2009

Highly motivated individuals are encouraged to apply for the following of CNIO's research programmes:
**Molecular Oncology, Cancer Cell Biology, Structural Biology and Biocomputing,
Molecular Pathology, Human Cancer Genetics and Clinical Research.**

For details on research at the CNIO: www.cnio.es

We seek:

- Exceptional researchers with a PhD or MD degree obtained no more than 3 years prior to the deadline. Candidates may also apply if they will obtain their degree before May 2010.
- Candidates must have at least one first author publication (including joint authorship) in a high impact factor journal at the time of application.

The CNIO offers:

- An excellent and stimulating working environment with a multidisciplinary approach to cancer research.
- State-of-the-art equipment and core facilities.
- A competitive salary of € 32,000 to € 36,000 (gross) per year, depending on experience.
