

CNIO CANCER CONFERENCES

The CCC's bring together groups of about 20 leading scientists in a specific field of cancer research to share and present their latest findings. Each CCC also incorporates a selected group of about 30 participants. Applicants that present an abstract for the poster session will have preference in the selection process. Emphasis is placed on discussion of new, unpublished data in a workshop environment.

4|6 February 2008

Development and Cancer

Organisers:

Konrad Basler
Zurich, Switzerland

Gines Morata
Madrid, Spain

Eduardo Moreno
Madrid, Spain

Miguel Torres
Madrid, Spain

Confirmed Speakers:

Takashi Adachi-Yamada
Kobe, Japan

Nicholas E. Baker
New York, USA

Konrad Basler
Zurich, Switzerland

María A. Blasco
Madrid, Spain

Gijs R. van den Brink
Leiden, The Netherlands

María Dominguez
Alicante, Spain

Napoleone Ferrara
San Francisco, USA

Georg Halder
Houston, USA

Ishwar Hariharan
Berkeley, USA

Jürgen Knoblich
Vienna, Austria

Julian Lewis
London, UK

Ruth Lehmann
New York, USA

Haifan Lin
New Haven, USA

Gines Morata
Madrid, Spain

Eduardo Moreno
Madrid, Spain

Doujia Pan
Baltimore, USA

Luis Parada
Dallas, USA

Isidro Sánchez-García
Salamanca, Spain

Allan Spradling
Baltimore, USA

David A. Shafritz
New York, USA

Miguel Torres
Madrid, Spain

Topics:

Drosophila as a model organism for cancer formation

Vertebrate development and cancer

Stem cells and cancer

Early stages of cancer formation

There is no registration fee • For application and information: www.cnio.es/ccc | ccc@cnio.es
