

OTHER SPONSORSHIPS AND PARTNERSHIPS

“We take this opportunity to express our thanks and appreciation to all our sponsors for the generous support that we received from them in 2023. They play an inherent role in our present and future successes.”

The *Fundación "la Caixa"* helps finance our most prominent international conferences, the CNIO - CaixaResearch Frontiers Meetings. Another main goal of the "la Caixa" Foundation is to support an innovative programme aimed at fostering international fellowships to attract the most outstanding students from the international arena to obtain their doctoral degrees at accredited "Severo Ochoa" Centres of Excellence. Since 2017, the CNIO participates in the doctoral INPhINIT fellowship programme of the "la Caixa" Foundation. The aim of this programme is to attract outstanding international students to carry out doctorates at top Spanish research centres. During 2023, 3 pre-doctoral students received one of these internationally recognised fellowships.

Fundación CRIS is dedicated to the promotion and development of research with the aim of eliminating the serious health threat of cancer. *Fundación CRIS* generously supports several research groups at the CNIO: the Experimental Oncology Group; the Breast Cancer, Haematological Malignancies, Lung Cancer, and Pediatric Onco-Hematology Clinical Research Units; and the Cancer Immunity Group. These Groups focus on the translation of advances in cancer research into novel therapeutics and improvements in patient care.

Thanks to the support of the *Fundación Banco Santander*, a group of 3 researchers received training on managerial and entrepreneurial skills in 2023, in collaboration with the *IE Business School*. *Banco Santander* Foundation also supports our successful outreach project, CNIO Arte.

The *Fundación Jesús Serra*, now *Fundación Occident*, continues to fund the Visiting Researchers Programme that was established to support prestigious international professors for short stays at the CNIO. The recipient of the *Jesús Serra* Foundation's Visiting Researchers' Award in 2023 was Gonçalo Bernardes, from the University of Cambridge (UK).

The *AXA Research Fund* (ARF) – a global initiative of scientific philanthropy run by the insurance group AXA – awarded an AXA-CNIO Endowed Permanent Chair position in Molecular Oncology to Mariano Barbacid as part of its 2011 call.

During 2023, our research activities and seminars were also supported, among others, by *Fundación Investigación Biomédica Hospital Universitario 12 de Octubre*, *Fundación Española de Hematología y Hemoterapia*, and *Fundación Banco Sabadell*. ■
